Hudson Headwaters Health Network to Roast Dr. Rugge at Annual Dinner

Hudson Headwaters Health Network will “roast and toast” its CEO and founder, Dr. John Rugge, at its fourth annual Community Champions dinner to be held on Sunday, September 13th at Jimbo’s Club, Point O’Pines on Brant Lake.

“The Hudson Headwaters Health Foundation is breaking with tradition this year,” said James Himoff, Foundation Board Chairman. “Instead of honoring external Community Champions, we will ‘roast and toast’ our own Dr. John Rugge to celebrate his 35th anniversary of practicing medicine in the Adirondacks.”

Each year, Hudson Headwaters provides more than \$3 million in uncompensated care and prescription drug discounts. Its 12 health centers provide comprehensive primary care to people in 3,700 square miles of the Adirondack/Lake George and Metropolitan Glens Falls region.

Tickets to the fundraising event begin at \$125. For information or to purchase tickets, please contact Howard Nelson at 761-0300 ext. 160 or hnelson@hohn.org.
